***Bridget Jones' Diary* for photographers**

"A sexy, sassy romantic riot"

Milly Johnson, author of Together Again

"Quick-witted, flirty and delicious"

Stacey McEwan, author of Ledge

"Expertly capturing the glamour and mayhem of wedding photography, *Shooters* is a debut romcom brimming with sex, sisterhood, and spice!"

Amy Beashel, author of Spilt Milk

"A racy romcom with a heroine who I was cheering on from the start - funny, sexy and full of heart"

Frances Quinn, author of That Bonesetter Woman

"A brilliant new talent - a sexy Marian Keyes!"

Lucie Morris-Marr, journalist and Walkley-winning author

"Humour, romance, complex characters, luxury locations and a sprinkling of sex seduce the reader into wanting more"

Angela Adams, Imagemaker Magazine

"The photography conference simmered with talent: those who had it, those who wanted it, and those who would always suck no matter how hard they tried. Stella Price wondered where she fell on that scale."

Stella is determined to become a successful wedding photographer, even if it means learning from Connor Knight, a wedding shooter with sexy rock star status and an ego to match.

Burned by an affair that ended her last career, Stella should know better than to get entangled with Connor during a residential course in a romantic French chateau. But while his arrogance turns her off, his talent turns her on...

As their clashes start transforming into passion, Stella struggles to frame a future with a man who has famously come to distrust "happily ever afters". Is there a softer side behind Connor's macho image? Can Stella learn from her past mistakes and teach Connor about real love before he disappears from the picture?

What Jilly Cooper's *Riders* did for show jumping, **SHOOTERS** does for wedding photography in this sizzling romcom: a hilarious, heart-pounding novel about owning our past mistakes and being true to ourselves.
